

2430 "E" Street N.W.  
Washington 25, D.C  
11 March 1952

Thank you for your frank letter. It is our policy to refrain whenever possible from interfering with existing academic programs, since they are so useful to us in preparing people to work for this Agency and elsewhere in the Government. We had better let the matter drop, therefore, since in any case it would be impossible to complete clearance before 15 April.

I hope that another year we will have better luck.

Sincerely yours,
